The interim condensed consolidated financial statements of Masraf Al Rayan Q.S.C. for the nine months ended 30 September 2011 were authorised for issue in accordance with a resolution of the Board of Directors on 17 October 2011.

#### 2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

#### Basis of preparation

The interim condensed consolidated financial statements of Masraf Al Rayan and its subsidiaries (together referred to as the "Group") for the nine month period ended 30 September 2011 have been prepared in accordance with the guidance given by the International Accounting Standard 34 - "Interim Financial Reporting". The interim condensed consolidated financial statements do not contain all information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2010. In addition, results for the nine month period ended 30 September 2011 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2011.

#### Significant Accounting Policies

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2010 except for the new and amended conceptual framework financial accounting standards, which were prepared in accordance with the Financial Accounting Standards issued by the Accounting and Auditing Organisation for Islamic Financial Institutions (the "AAOIFI"), the Shari'a Rules and Principles as determined by the Shari'a Supervisory Board of the Group, related regulations of Qatar Central Bank and applicable provisions of the Qatar Commercial Company's Law No. 5 of 2002. For matters which are not covered by AAOIFI standards, including "Interim Financial Reporting", the Group uses the International Financial Reporting Standards (the "IFRSs").

#### New and amended standards and framework

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2010, except for the adoption of new standards and interpretations as of 1 January 2011, noted below:

#### IAS 24 Related Party Transactions (Amendment)

The IASB has issued an amendment to IAS 24 that clarifies the definitions of a related party. The new definitions emphasise a symmetrical view of related party relationships as well as clarifying in which circumstances persons and key management personnel affect related party relationships of an entity. Secondly, the amendment introduces an exemption from the general related party disclosure requirements for transactions with a government and entities that are controlled, jointly controlled or significantly influenced by the same government as the reporting entity. The adoption of the amendment did not have any impact on the financial position or performance of the Group.

#### 2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

#### New and amended standards and framework (continued)

IAS 32 Financial Instruments: Presentation (Amendment)

The amendment alters the definition of a financial liability in IAS 32 to enable entities to classify rights issues and certain options or warrants as equity instruments. The amendment is applicable if the rights are given pro rata to all of the existing owners of the same class of an entity's non-derivative equity instruments, to acquire a fixed number of the entity's own equity instruments for a fixed amount in any currency. The amendment has had no effect on the financial position or performance of the Group.

During 2010, AAOFI amended its conceptual framework and issued new Financial Accounting Standard (FAS 25) "Investment in sukuk, shares and similar instruments", which are effective as of 1 January 2011.

### Statement of financial accounting no.1: conceptual framework for the financial reporting by Islamic financial institutions

The amended conceptual frame work provides the basis for the financial accounting standards issued by AAOFI. The amended framework introduces the concept of substance and form compared to the concept of form over substance. The framework state that it is necessary that information, transaction and other events are accounted for and presented in accordance with its substance and economic reality as well as the legal form.

The adoption of this standard did not have any impact on the accounting policies, financial position or performance of the Group.

#### Financial accounting standard (FAS 25) "Investment in sukuk, shares and similar instruments".

The Group has adopted FAS 25 issued by AAOIFI which covers the recognition, measurement, presentation and disclosure of investment in sukuk, shares and similar investments that exhibit characteristics of debt and equity instruments made by the Islamic financial institutions.

The adoption of FAS 25 had an effect on the classification and measurement of the Groups financial assets. As a result of the application of this new standard, the classification of the investment portfolio were revisited and changes if any, were made in these classification in line with FAS 25.

The adoption of this standard has an impact on the classification of investments and current year consolidated statement of income.

#### Improvements to IFRSs (issued May 2010)

In May 2010, the IASB issued its third omnibus of amendments to its standards, primarily with a view to removing inconsistencies and clarifying wording. There are separate transitional provisions for each standard. The adoption of the following amendments resulted in changes to accounting policies, but did not have any impact on the financial position or performance of the Group.

*IFRS 3 Business Combinations*: The measurement options available for non-controlling interest (NCI) have been amended. Only components of NCI that constitute a present ownership interest that entitles their holder to a proportionate share of the entity's net assets in the event of liquidation shall be measured at either fair value or at the present ownership instruments' proportionate share of the acquiree's identifiable net assets. All other components are to be measured at their acquisition date fair value.

*IFRS 7 Financial Instruments* — Disclosures: The amendment was intended to simplify the disclosures provided by reducing the volume of disclosures around collateral held and improving disclosures by requiring qualitative information to put the quantitative information in context.

IAS 34 Interim Financial Statements: The amendment requires additional disclosures for fair values and changes in classification of financial assets, as well as changes to contingent assets and liabilities in interim condensed financial statements.
